

DENISE FLEMING'S T-PAPER HANDMADE PAPER

Please read all instructions before you begin

TO MAKE PULP FROM T-PAPER

You'll
need:

- 1 $\frac{3}{4}$ cup water*
- 15 squares of 2-ply toilet paper or 30 squares of 1-ply toilet paper torn into medium sized pieces*
- Large jar with lid – Jar needs to be large enough so there is room to agitate T-paper and water
- * These numbers are approximate – 2-3 squares of T-paper to $\frac{1}{4}$ cup water (The important thing is that there is enough water so that the pulp flows)

MAKING PULP

- Place water and T-paper in jar
- Screw lid on tightly
- Shake rapidly for 30-45 seconds
- Add herbs, dried flowers, glitter, confetti, etc. at this point - Shake
- For shaped paper pour pulp inside cookie cutter sitting on mold/screen*
- For sheet paper pour onto mold & deckle*
- Flip off – Press – Dry (Refer to papermaking instructions)
- * Makes two 3 $\frac{3}{4}$ " hearts or one thin sheet of paper 5 $\frac{1}{2}$ " x 8 $\frac{1}{2}$ "
