## GENERAL INSTRUCTIONS

**Supplies:** heavy paper or 9" paper plates, scissors, stapler, carbon or some sort of transfer paper, pencil, 2 paper clips, Optional—colored markers or crayons.

1. The patterns can be downloaded and printed or copied on heavy paper (e.g. index stock) then skip to step **7**—or enlarged pattern to fit 9" paper plate.
2. Cut out circle outline of pattern.
3. Using 9" paper plate as template cut out circle of carbon/transfer paper (carbon paper can be reused).
4. Paper clip carbon paper and pattern to the bottom of paper plate.
5. Trace both dotted and solid lines on pattern.
6. Lightly transfer points **A, B** etc. on plate so you will be able to erase them when creature is finished. Remove pattern.
7. Cut on **dotted** lines, discarding shaded areas. **Do not cut solid lines!** Refer to pattern as you cut plate to make sure you are not cutting on solid lines.

- FOLD = there is a crease.
- BEND = there is no crease.
